

CENTER FOR THE ARTS

"I agreed to be a celebrity dancer to help raise funds to build a Center for the Arts in Harford County because..."

... We NEED a Center for the Arts in Harford County! With classrooms for arts education, galleries showcasing the visual arts, fantastic theaters becoming home to so many performers, along with space for business leaders and special events, the Center for the Arts would be such a valuable asset to our community. Not only would it attract other Marylanders to our community as a new destination hot spot, but it would also provide wonderful opportunities to enhance the quality of life for those that live right here in Harford County. We all know that Harford County is a great place to live, but having a Center for the Arts in our community would help make it a great place to be alive!
